

PONTIAC Firebird/Trans Am

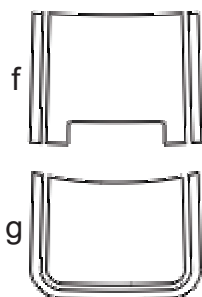

Rally Stripe Graphic Kit 3 for
Pontiac Firebird and Trans Am -
'93-'97 Trans Am Liftback Coupe
Parts List
ATD-PNTTAFBGRPH016

Due to inconsistencies in the placement of factory Firebird appliques, Front Bumper piece is provided slightly longer than required. Thus trimming is necessary at rear of Bumper after successful completion of application.
A Front Bumper piece without applique cutout is provided for vehicles without Firebird logo.

Roof/T-Top piece requires trimming at leading edge after successful completion of application.
While Roof piece is not cut/designed for T-Top fitment, slight trimming will allow placement, if desired.

Part Number	Item	Cost
